

SeeMore™ PreCheck✓

Turnkey Missions that Maximize your Drone's Potential

Fully autonomous missions at the press of a button

Interactive 3D visuals: elevation profiles, safe launch & landing zones, and a 3D LiDAR fly-through simulation

Repeatable missions stored on your SeeMore laptop ready for any emergency

We're a woman-owned robotics company out of Plano, TX. We've been putting AI on drones for utility asset management since 2017. Our products make your drone ops safer, more efficient and more informative.
